Random House USA Inc, United States, 2002. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Seventeen years ago, when she adopted a neglected, orphaned thirty-year-old parrot named Tiko, the internationally renowned ornithologist Joanna Burger entered one of the most complex relationships of her life. Sullen and hostile when he entered Dr. Burger s home, Tiko gradually warmed up, courting her during mating season, nursing her vigilantly through a bout with Lyme disease, and for a while even fighting her husband for her attentions. In time theirs was a relationship of deep mutual trust. The Parrot Who Owns Me is Joanna and Tiko s story, as well as the story of the science of birds, and of parrots in particular. Woven into the narrative are insights and fascinating revelations from Dr. Burger s work--not only about parrots, but also about what it means to be human.
