Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Scotch Rite Masonry: The Complete Ritual of the Ancient and Accepted Scottish Rite Profusely Illustrated - Volume Two is written by author Jonathan Blanchard, who explores and details Scotch Rite Masonry for those involved in the fraternal organization and for those curious about the practices of this group. This book is the second of two volumes on the subject written by Blanchard. At over 500 pages and containing a wealth of information, it is easy to see why this work was split into two. It is recommended that readers begin with the first volume as this book does not contain an introduction, historical background, or preface, these all being found in Volume One. The reader is thus plunged directly into the discussion for Volume Two. The scope of Blanchard's work is enormous and all encompassing with the book primarily organized around the degree system, with each chapter highlighting a different Masonic degree that can be achieved by individuals, and the practices and principles related to this degree. Blanchard has created an in-depth look at Scotch Rite Masonry that will interest individuals attracted to or involved in freemasonry. These two volumes are a must read for anyone looking to gain more information on this elusive and secretive organisation.
