The Master of the Magicians deals with court life in Babylon in the time of Nebuchadnezzar, with the captive Daniel as the central figure, and, like a bright thread running through the more somber structure of the web, is a simple, but touching love tale, an idyl skillfully intertwined with the sterner situations of the case, in the fact that Daniel, nay even the queen herself, are by no means uninterested spectators of the tender drama. Without labored description, the scenes and customs of the country are placed vividly before us, and we live and move and have our being in dreamy, sunny Babylonia, in that curious combination of barbarity and civilization, in the gorgeous ceremonial and display, allied to the revolting back scenes which characterized courts of the period in question.
