

Is China's growth socially pathological?

By Dominique Lambert

GRIN Verlag GmbH Jun 2015, 2015. Taschenbuch. Book Condition: Neu. 210x148x1 mm. This item is printed on demand - Print on Demand Neuware - Scientific Essay from the year 2012 in the subject Politics - International Politics - Region: South Asia, , language: English, abstract: China's policies seem to be in many ways far apart from what western societies consider being fair and just. The reason is that the Western hemisphere shares a fundamentally different belief system of what 'justice' and 'freedom' mean. This leads to the main question of this paper, if China's growth is 'socially pathological'. For answering that, we will first compare China with 'free market' democracies, in a second step provide some data representing indicators for China's 'social level' and in a third step talk about 'workforce exploitation' and perpetrators of partially difficult circumstances. 12 pp. Englisch.

Reviews

Complete information for pdf fans. it had been writtern quite perfectly and helpful. You can expect to like how the article writer compose this ebook.
-- **Jack Hirthe**

The publication is easy in read better to understand. It is writter in basic words and phrases rather than hard to understand. You wont truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).
