Worth Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. So much to read, so little time? This brief overview of The Euro tells you what you need to know--before or after you read Joseph E. Stiglitz s book. Crafted and edited with care, Worth Books set the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of The Euro by Joseph E. Stiglitz includes: Historical contextChapter-by-chapter summariesProfiles of the main charactersImportant quotesFascinating triviaGlossary of termsSupporting material to enhance your understanding of the original work About The Euro by Joseph E. Stiglitz: In The Euro, Columbia Business School professor and Nobel Prize-winning economist author Joseph E. Stiglitz argues that the fundamental cause of the Eurozone s recent economic difficulties was the creation of a single currency without the institutions to support it. The euro bound 19 countries with very different economies--and very different views about economics--together, but it did not include the institutions or rules to make such a union succeed. The results of this union are clear: although the United States has experienced growth since the financial crisis, Europe is stagnant and Eurozone unemployment remains over 10 . New York Times-bestselling author Joseph Stiglitz outlines three possible ways forward: fundamental reforms to the current system, an end to the single currency experiment, or a new system entirely. The Euro is required reading for all citizens of today s globalized world. The summary and analysis in this book are intended to complement your reading experience and bring you closer to a great work of nonfiction.
