LEARNING THE CITY

Wiley-Blackwell, 2011. Paperback. Book Condition: New. 15.3 x 22.9 cm. "Learning the City critically examines the relationship between knowledge, learning, and urbanism. It argues both for the centrality of learning for political strategies and for a resurgence of learning that represents a critical opportunity to develop a progressive international urbanism. The author combines the result of his fieldwork conducted in Mumbai and other regions with a synthesis of the most current theoretical research on knowledge, space, and materiality to show...
