Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.What if there existed a camera with the ability to change things into what the user wished to see? And what if the user didn't understand its source or its power? This is the story of just such a camera and how it changed the lives of users, for better or for worse. In time, all either lost or discarded the amazing device, many taking pains to be sure no one would ever find it. The camera, however, having a knack for getting into people's minds, saw to it that someone always did. Nine stories (chapters) follow the camera as it moves from one user to another while its original owner searches for it. Ginger will do anything to get it back, for she'll be in big trouble with her boss if he learns that she's lost it. Each chapter begins with a new owner finding the camera, and all are connected by Ginger's repeated attempts to get it back in her chubby hands. The final chapter reveals who Ginger and her boss are. Will you guess before they meet in his office?.
