

A Hands-On Guide to Angular 2 and Angular 4 (Paperback)

By Stanley Moseley

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The reader will next build an Angular application from scratch while learning about the primary pieces of an Angular application and see how they work together. Using lots of examples, the core parts of Angular will be introduced, such as Components, the Router, and Services. The book covers techniques like server-side rendering and how to incrementally add A Hands-On Guide to Angular 2 and Angular 4 features to existing AngularJS applications. Finally, the reader will gain insight into advanced skills that should be part of any professional Angular developer s toolkit such as testing, tooling options, and performance tuning.

Reviews

A brand new eBook with a new standpoint. I have got read through and i also am confident that i will gonna read again once again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Miss Shannon Hilll V**

This pdf is amazing. I actually have go through and that i am sure that i will planning to read once again again in the future. You wont truly feel monotony at at any moment of the time (that's what catalogs are for regarding when you request me).
