Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Self-esteem and body image are like life companions who can cherish each other s existence. Self-esteem is all about how much do you value yourself and how much you think you are worth in life. This affects almost all activities, behavior in our day-to-day life. If a person has high self-esteem then the behaviors of such person will be positive, they look joyful and to an extent majority of people with high self-esteem live a life with maximum content. Self-esteem and body image are closely linked because body image is all about how a person values himself physically. Body image is valuing body physically based on how much attractive a person looks and how much attractive they appear to others. With a positive body image, the confidence levels in a person increases multiple folds that also reflects in almost all their activities. Body image is the most important self-esteem affecting factor in teens because during teenage, how a person appears and appeals to others will design his style of life. Inside the book is the key to building your self esteem so that you can greatly improve your life.
