AUTHORHOUSE, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Flagrant Misconduct is based on the true story of one of the greatest high school athletes you never heard of, narrated by his best friend and teammate. It takes place in the late 1970s against the backdrop of school desegregation. The author tastefully addresses the darker side of family relations, race relations, bullying, and the pursuit of absolute dominance in high school sports at any cost. A special-needs high school phenom is on the way to his first wrestling state championship; the only obstacle standing in his way is one of the most successful high school wrestling coaches of all time from a rival school, his own father. This story also captures the budding friendship between two athletes from different cultural backgrounds. Their friendship, threatened by the unintended consequences of school busing, would change both of their lives forever. Meanwhile, father and son are on an emotional collision course as the father coaches against his own son in the state championship finals. Losing is not an option for either. For one, name recognition and legacy are at stake; for the other, his father's respect and approval. Who will win?
