Ascend Books, United States, 2016. Hardback. Condition: New. Dr Rob Peters (illustrator). Language: English . Brand New Book. When the skies darken and the thunder rumbles, if you re like most of us, you re probably quick to grab the TV remote and check the weather. You want to know how bad the coming storm is going to be. Now, the most trusted and popular meteorologist Gary Lezak brings his meteorological expertise to a new medium-children s literature. It s A Sunny Life! is an adventure for rain or shine. It tells the story of Sunny the Weather Dog, as she becomes separated from Gary, only to use the very same information he uses on-air to avoid hazardous weather and make her way safely back to him. Also included is a special section, Sunny s Weather Academy, which provides fun answers to all sorts of weather-related questions. What are the different types of clouds and what does each mean? Why does the weather change so quickly sometimes? What is precipitation? And, of special interest to parents, in the event of severe weather, what should you and your family do to stay safe.
