

Talking Hands: What Sign Language Reveals About the Mind (Paperback)

Filesize: 7.05 MB

Reviews

Complete guide! Its such a good go through. It is rally fascinating through reading period of time. Its been written in an extremely basic way and is particularly only after i finished reading through this publication through which really changed me, change the way i really believe.
(Mrs. Macy Stehr)

TALKING HANDS: WHAT SIGN LANGUAGE REVEALS ABOUT THE MIND (PAPERBACK)

SIMON SCHUSTER, United States, 2008. Paperback. Condition: New. Reprint. Language: English . Brand New Book ***** Print on Demand *****.Imagine a village where everyone speaks sign language. Just such a village -- an isolated Bedouin community in Israel with an unusually high rate of deafness -- is at the heart of Talking Hands: What Sign Language Reveals About the Mind. There, an indigenous sign language has sprung up, used by deaf and hearing villagers alike. It is a language no outsider has been able to decode, until now. A New York Times reporter trained as a linguist, Margalit Fox is the only Western journalist to have set foot in this remarkable village. In Talking Hands, she follows an international team of scientists that is unraveling this mysterious language. Because the sign language of the village has arisen completely on its own, outside the influence of any other language, it is a living demonstration of the language instinct, man's inborn capacity to create language. If the researchers can decode this language, they will have helped isolate ingredients essential to all human language, signed and spoken. But as Talking Hands grippingly shows, their work in the village is also a race against time, because the unique language of the village may already be endangered. Talking Hands offers a fascinating introduction to the signed languages of the world -- languages as beautiful, vital and emphatically human as any other -- explaining why they are now furnishing cognitive scientists with long-sought keys to understanding how language works in the mind. Written in lyrical, accessible prose, Talking Hands will captivate anyone interested in language, the human mind and journeys to exotic places.
