Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. To get the best out of this book, I beseech you to go through each line, each page, and each chapter with an open mind. This is an honest collection of real facts and not the ugly propaganda that has been littered all over the place. Mary Johnson Trump s ability to deliver on his promises is unmatched. If you ve ever heard of the term go getter , no one exemplifies it better than the real Donald Trump. Annet Burnet If you are to read just one book this year, this should be the one! And the beauty of it all is that you can go through the first page to the last page in less than an hour! Geoffrey Arthur My doubt in Trump s ability to restore our country s lost glory faded the moment he won the elections. He truly has something unique that will ultimately lift America back to its once enviable glorious days. Susan May Trump is a smart man who knows how to execute brilliant ideas, and is never susceptible to held captive by any entity or the notorious special interest groups that have held our country s economy captive over the decades. What else would we want from the leader of the most powerful country on earth? Richard Austin He was first ignored, then ridiculed, and finally, he won! Just by winning the 2016 elections, Trump demonstrated that it s always never over until it s finally over . He has my full support, however meager it will be. Theodore Roberts.
