

Seismic Behaviour of RC Frames with SIM and URM infill

By Shendkar, Mangeshkumar / Waikar, Milind

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | This comprehensive & well-organized book presents the importance of different masonry infills in reinforced concrete structures. In that, it deeply describes a new earthquake resistant masonry i.e. semi-interlocked masonry. The text also focuses on the evaluation of Response Reduction Factor of RC frames with semi-interlocked masonry & unreinforced masonry. The text has been enriched with a large number of graphical representations and whole methodology for the evaluation of Response Reduction Factor. Intended mainly as a text for undergraduate & postgraduate students of civil engineering, this text would also be of considerable benefit to practising engineers & teachers in the field of earthquake resistant design of structure | Format: Paperback | Language/Sprache: english | 88 pp.

Reviews

Very useful to any or all group of men and women. It is written in basic words instead of difficult to understand. I realized this ebook from my i and dad recommended this publication to understand.

-- Althea Fahey MD

The ideal book I possibly read. It is among the most remarkable pdf I have gone through. I am easily could get a enjoyment of reading through a created ebook.
