

Complex Economic Dynamics: An Introduction to Dynamical Systems and Market Mechanisms v. 1: An Introduction to Dynamical Systems and Market Mechanisms (Hardback)

Filesize: 8.27 MB

Reviews

It is just one of my personal favorite books. I was able to comprehend every little thing out of this published publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Isaac Olson)

COMPLEX ECONOMIC DYNAMICS: AN INTRODUCTION TO DYNAMICAL SYSTEMS AND MARKET MECHANISMS V. 1: AN INTRODUCTION TO DYNAMICAL SYSTEMS AND MARKET MECHANISMS (HARDBACK)

[DOWNLOAD](#)

MIT Press Ltd, United States, 1994. Hardback. Book Condition: New. New. 229 x 157 mm. Language: English . Brand New Book. Richard Day was one of the first economists to recognize the importance of complex dynamics, or chaos theory, in economics and to systematically explore whether a mathematical existence of such behavior could be established in standard models of economic theory. In these two volumes he shows that, far from being a passing fancy in economic research, complex dynamics emerge naturally at the very heart of the subject. The three parts of Volume I form a logical sequence, although each can be read and understood apart from the others. Part I provides a nontechnical introduction to the basic facts of economic change and the theoretical ideas that describe them. Part II surveys the mathematical tools used in subsequent chapters. Part III begins the explanation of microeconomic change in competitive markets in formal theoretical terms. Day's analysis is accompanied by numerous illustrations and examples. Volume II is concerned with macroeconomic dynamics and looks at the economy as a whole. Separate parts are devoted to business cycles, economic growth, and economic development, followed by a survey of the history and current state of dynamic economics. The book concludes with the author's reflection on the implications of complex dynamics for economic theory, for quantitative research, and for government policy.
