Jack Emery is happier than he has been in a long time. Nobody has shot at him or tried to blow him up for years, and he s learned to love the job he thought he d hate: Special Advisor to the President of the United States. But nothing can prepare Jack for the work to come. As America continues to heal from self-inflicted wounds, an ambitious President McGhinnist draws closer to achieving the impossible: peace between Israelis and Palestinians. As the countdown to peace reaches zero, a desperate group of hardline Israelis invoke the Samson Option, a secret protocol that will eradicate the peace agreement and pave the way for the destruction of America and the Middle East. Jack has learned the hard way that when a crisis knocks, you don t always get the chance to ignore it.
