A Judgment on Annie Besant s Law of Population, Delivered in the Supreme Court of New South Wales Why is the philosopher who describes the nature of the disease from which we are suffering, who detects the causes which induce it and the general character of the remedies to be applied, to be regarded as a sage and a benefactor, but his necessary complement in the evolution of a great idea, the man who works out in practice the theories of the abstract thinker, to be denounced as a criminal? It was only when Jenner ventured to act on the theory which he had founded upon his observations that he was de nounced and vilified in language which it is now almost impossible to conceive. In the domain of morality as of medicine, the teachers who first publicly proclaimed the brotherhood of man, his equality in the next world, and his right to worship as he chose, were prosecuted as the enemies of society. Doctrines such as these, fit...
