Imagine holding history in your hands. Now you can. Digitally preserved and previously accessible only through libraries as Early English Books Online, this rare material is now available in single print editions. Thousands of books written between 1475 and 1700 can be delivered to your doorstep in individual volumes of high quality historical reproductions. Humankind has studied the skies for centuries, seeking to find our place in the universe. Some of the most important discoveries in the field of astronomy were made in these texts recorded by ancient stargazers, but almost as impactful were the perspectives of those who considered their discoveries to be heresy. Any independent astronomer will find this an invaluable collection of titles arguing the truth of the cosmic system. ++++ The below data was compiled from various identification fields in the bibliographic record of this title.
