EXORCISING HITLER: THE OCCUPATION AND DENAZIFICATION OF GERMANY

DOWNLOAD PDF

Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. In *Exorcising Hitler*, Frederick Taylor tells the story of Germany's year zero and what came after. Not since the end of the Roman Empire, almost 1500 years earlier, is there a parallel, in Europe at least, to the fall of the German nation in 1945. As Taylor describes the final Allied campaign, the hunting down of the Nazi resistance, the vast displacement of peoples in central and eastern Europe, the attitudes of the conquerors, the competition between Soviet Russia and the West, the hunger and near starvation of a once proud people, the initially naive attempt at expunging Nazism from all aspects of German life and the later more pragmatic approach, we begin to understand that despite almost total destruction, a combination of conservatism, enterprise and pragmatism in relation to former Nazis enabled the economic miracle of the 1950s. And we see how it was only when the 60s generation (the children of the Nazi era) began to question their parents with increasing violence that Germany began to awake from its sleep cure.
