Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Short History of England, From the Earliest Times to the Present Day The aim of this History of England is to give a short narrative of the growth of the British Empire and Constitution from the earliest times to the present day, in such a form and within such limits as shall supply the wants of middle and upper forms at schools, candidates for university and civil service examinations, and for the army and navy, pupil and assistant teachers at elementary schools, and students in training colleges, and also shall give a clear and intelligible account of those events and institutions a knowledge of which is so much needed by the student of modern political life. To attain all these ends within the space of 450 pages has been a most difficult task, and a rigid censorship has been needed, both in choosing the subjects and events to be mentioned, and in allotting an appropriate space to each. In deciding What subjects to admit, I have had with great regret to omit all references to the manners and customs. Of the people, except where they have borne directly upon political events; on the other hand, greater space has been given to the working of economic causes than has been usual in a book of this size. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
