Splashdown Books, New Zealand, 2012. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Human settlement in the harshest of places. The Avenir: once a generational ship, now a crowded residential station and dominating force over a hard, broken world. Its people have nearly forgotten distant Earth, its wizards ponder the mysteries of the universe, its orphans suffer and beg, while the aristocrats live the high life. Eclectia: the highly unstable planet far below, pulled by its heavy moons into a fast wobble, its crust fractured and tormented with frequent earthquakes and volcanic eruptions. Miners and bug hunters eke out an existence through the grit and extreme seasons. The lucky ones live in undersea colonies, where submarines connect cities in the depths. The oceans teem with telepathic life everyone calls angels. Sheba and Quatermain, the fractured and molten moons of Eclectia, are settled by miners and spacers, while merchants and smugglers ply their trades. For most, survival is an everyday question. Multi-author microfiction gives a many-faceted view of the future. New stories continue to be posted online at the Avenir Eclectia site.
