Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Ancient Alien Theorists dig deeper into what role aliens may have played in shaping our world. Explore whether lost islands and mysterious, Eden-like paradises were actually earthly homes for aliens, and find out why the Greeks, Macedonians, and other ancients believed the world's mountains to be sacred homes to all-powerful gods. Experience American history via rock carvings from an 8,000 BC man-made cave filled with ancient objects and mummies. Is there a link between this cave and the Native American legends of the Star-Beings ? There are worlds to explore, from the Treasures of the Gods, that may have been purposely hidden and protected by an extraterrestrial source, evidence of the famed Ark of the Covenant, and even ancient celestial travel through Stargates to tales of ancient life on Mars. This is a journey into a yet uncharted world of astonishing ancestors and phenomenal technological advance. From which supernatural beings do healers and superheroes really gather their powers? Who, or what, were the voices that drove Nikola Tesla to his compulsive need to reinvent the future? Were the winged messengers revered within age old texts really birds, angels, or aliens? Ancient Alien Theorists reach back in time to explore these alternative inquiries and offers explanations and theories to the questions of where we come from, who we are, and what else is out there. Ancient Alien Theorists connect science with faith, and investigates the creatures of early religious texts including the scorpion-tailed locust in Revelations; Ezekiel's fiery angel-driven chariots; and India's half-human, half-reptile gods called Nagas. The voyage travels down the path of extraterrestrial seduction, Nazi time travel, and the mysterious megalithic stone structures which continue to baffle archaeologists....
