Reviews

Simply no phrases to clarify. It is really basic but surprises from the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Gaudapada-karikas is the earliest extant Advaita Vedanta text. It is only explicitly Advaita text deemed worth saving from before Shankara s time. Its philosophical doctrines makes it worthy of study in its own right and sets the stage for Shankara s slightly different Advaita. The text is presented here in a plain English translation with notes. Also included are an essay on early Vedanta, who the author(s) of this text may be, and the influence of Buddhism on the text (especially Nagarjuna s Madhyamaka tradition); an account of the basic doctrines; and a philosophical critique of those doctrines. This books makes the claim intelligible that all is consciousness, one, and unchanging and thereby removes much of the shock of Gaudapada s Advaita Vedanta. But it also raises problems with the plausibility of the claim.
