

Lectures on the Study of Fever (Classic Reprint) (Hardback)

Filesize: 9.55 MB

Reviews

It in one of the most popular book. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Camylle Larson)

Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Lectures on the Study of Fever The primary object of your examination of a patient is to ascertain the nature and extent of the deviations from health in the several functions, and the changes, if any, in the physical condition of the several organs. Your ability to undertake this task presupposes an acquaintance with the body in health in the most comprehensive sense; with the laws of healthy function; and with the physical signs by which you ascertain the healthy condition of the viscera of the chest and abdomen, their bulk, situation, and relation to each other. To these you refer as standards of comparison in your examination of the same organs in disease. This last is a preliminary qualification so, easy of acquirement, and, at the same time, so neglected by students, that I may be excused for pressing it upon your attention. The value of all physical signs depends on comparison with healthy standards. Alterations in the shape of one side of the chest, dulness on percussion, absence or change of respiratory sounds, also of the sounds of the heart in different situations, are all determined by comparison; first, with corresponding parts in the same individual, but ultimately, though tacitly and instinctively, as it were, with standards consisting of our memory of the healthy signs. And yet how often does some student press forward to the bedside, that he may listen to diseased phenomena, who has never heard the sounds of the heart or lung in health. The same rule applies to the derangements of function. To observe these with accuracy, you must be familiarly acquainted with their healthy exercise, and, *ceteris paribus*,...
