Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Eva the Adventurer Eva is a bright, determined girl with a bountiful imagination. She fills each day with adventures, squeezing in as much as she can before bedtime. A trip to moon, cure a rare disease, drive a train? Absolutely. What will today bring? --- What gender stereotypes? Our princess is more likely to save herself than to wait for her prince. She ll be train driving, rocketship flying, and opera singing. We hope girls and boys will not be held back by gender stereotypes, and we strive to portray positive gender examples. --- Supporting Children s Charities] NKH Research Our books support children with NonKetotic Hyperglycinemia, a rare and terminal metabolic disorder. It s hard to explain what NKH is like, as a parent. To watch your baby have countless seizures, miss every milestone and live an incredibly medicalised life. The pain and suffering are heartbreaking. The fear and grief can be overwhelming. So we have our hope in a cure. Specifically a gene therapy cure. Even more specifically, a cure currently in development by Prof. Nick Greene of UCL in London, UK. We believe he is the closest to a clinical trial. The closest to giving us a future with our son. Because NKH is so rare (less than 40 children in the UK, less than 500 worldwide) there is little to no awareness. There is little to no funding for research. So we, as parents fund what can. Through local fundraisers, and events and raffles. And children s books. All our books support Team Mikaere and Joseph s Goal - a charity for children with Nonketotic Hyperglycinemia. Thank you for helping fund a cure for our children. ----..
