OCLC Number: 56018598 Excerpt: . . . 8 Amends section 205 of the HPC Act, which describes the responsibilities of the Environmental Protection Agency (EPA) under the Program. Requires EPA to conduct basic and applied research directed toward the advancement and dissemination of computational techniques and software tools with an emphasis on modeling to: Develop robust decision-support tools; Predict pollutant transport and their effects on humans and on ecosystems; Better understand atmospheric dynamics and chemistry. OMITTEE IEWS VII. C V Interagency planning and coordination The High-Performance Computing Act of 1991 codified an inter-agency planning process that remains in place today. However, the chief product of this process in recent years has been an annual retrospective review of activities undertaken by agencies, rather than a prospective planning document. The Committee expects all of the participating agencies to engage in a forward-looking planning and coordination process led by OSTP to coordinate high-performance computing activities across the federal government. The agencies, led by OSTP, should submit a coordinated budget for federal high-performance computing activities to the Office of Management and Budget. Furthermore, the agencies, led by OSTP, should develop and periodically refine a research, development, and deployment roadmap for high-performance computing systems. In addition, in formulating plans for the Program, the Committee expects the participating agencies to take into consideration the findings and recommendations of the Presidents Information Technology Advisory Committee, which is required to conduct recurring reviews of the planning, implementation, and contents of the Program. Assuring U. S. researchers sustained access to high-performance computing infrastructure The Committee believes that the High-Performance Computing Research and Development Program, in general, and NSF and DOEs Office of Science. . .
