The simple guide to mastering Photoshop like a Pro! A comprehensive step by step guide that every Photoshop beginner should have! Do you want to create memories that will last a lifetime With Photoshop you can! Photoshop can be very intimidating but this simple to use guide will give you all the basics you need to know for creating high quality photos! Photoshop is the universal graphic software used by digital artists, designers, photographers and enthusiasts all over the world. However, it can be quite perplexing to use especially for novice and beginners. There are certain procedures and features that you need to learn by heart in order to fire up the program with ease and get it to run, according to your preference, in no time. Although there are various tutorials out there in the internet, it rarely dwells on the basics and is often too complicated for beginners to follow. Moreover, the guides are often spread about, with no clear-cut instructions as to what needs to be tackled first and so on, when you are just beginning to get to know Photoshop. In this book, you will learn about the most basic features and tools of Photoshop and their fundamental uses in creating beautiful projects that can lend timeless beauty to your memories. Moreover, here in this book, neophyte users can get a good understanding and grasp of the essence of Photoshop. You will be using and employing various tools in Photoshop in accomplishing your creative designs in no time! Here is a quick preview of what is inside this book. . . Getting started with Photoshop Working in Photoshop Photoshop layers Using the Photoshop toolbox Type tool for...
