Bloomsbury Publishing PLC, United Kingdom, 2008. Hardback. Condition: New. Language: English . Brand New Book. This is a concise but comprehensive guide to Tolstoy s literary and philosophical writings, focusing on aspects of his work that students find most difficult.Count Leo Nikolaevich Tolstoy (1828-1910) is one of the most important writers in the Western tradition. His two great, giant novels, War and Peace and Anna Karenina , are regarded as pinnacles of the genre; they cover an enormous range of basic human experiences with a precision and probing spirit that, in the words of one critic, are simply unmatched by any other writer. This guide offers students a clear introduction to Tolstoy s literary works from his major novels to the shorter novels and texts, including Hadji Murat and The Death of Ivan Ilyich . The guide also covers major themes, including sex, death, authority and evil and offers an overview of Tolstoy s religious and philosophical thought. A final chapter assesses his lasting influence in the spheres of literature and culture, religion and philosophy and on major figures, including Joyce, Ghandi, Wittgenstein and Heidegger. This is a comprehensive and readable guide to one of the most remarkable writers and thinkers of the nineteenth century. Continuum s Guides for the Perplexed are clear, concise and accessible introductions to thinkers, writers and subjects that students and readers can find especially challenging - or indeed downright bewildering. Concentrating specifically on what it is that makes the subject difficult to grasp, these books explain and explore key themes and ideas, guiding the reader towards a thorough understanding of demanding material.
