The Complete Vocabulary Guide to the Greek New Testament sets a new standard as the most comprehensive book of its kind. Covering the entire vocabulary of the Greek New Testament, this revision of The Student's Complete Vocabulary Guide to the Greek New Testament contains changes that make it more useful than ever as a benchmark vocabulary study book and reference tool. - Goodrick / Kohlenberger numbers have been added to the index, allowing fast cross-referencing to the NIV Exhaustive Concordance and the Greek-English Concordance. - The section on Principal Parts of Verbs, showing all the verbs used in the New Testament, now includes column headings on each page for greater ease of use. - The Frequency List of Words is marked with a gray edge for easy location and to define preceding and ensuing sections. - New introductions are included for each section. - The new hardcover binding offers sturdier construction and better protection.

*Simply no terms to explain. I am quite late in start reading this one, but better then never. Its been written in an remarkably easy way and is particularly merely soon after i finished reading this book where basically changed me, affect the way i really believe.*

*A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).*
