Reviews

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

ENLIGHTENED BY DESIGN (PAPERBACK)

Shambhala Publications Inc, United States, 1999. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book shows how to use our homes to realign ourselves with the basic forces of nature: heaven and earth, the four directions, and the elemental energies that arise from them. Based on Tibetan Buddhist teachings on energy mandalas and the practice of space awareness, it includes playful quotes, provocative illustrations, and practical exercises for discovering the inspiration and delight hidden in our homes. And it explains the role of wakefulness in contemplative arts and design. Berliner proceeds from living room to bedroom to kitchen to home office, illustrating with rigorous practicality how we can join space, color, function, harmony, and our senses to create functional, welcoming rooms. She draws on traditional geomantic systems from Celtic wisdom to feng-shui to show that home design and ecology are one and the same, and that intuition and our senses are our most effective decorating tools. Working with wakefulness and natural patterns of energy, we can create enlightened environments--and in this case enlightenment begins at home!.
