Pearson Education (US), United States, 2016. Book. Condition: New. 2nd edition. Language: English . Brand New Book. Kirk Trigsted, Kevin Bodden, and Randy Gallaher revolutionized developmental math when they created Intermediate Algebra, a completely clickable eText written from the ground up within MyMathLab (R). Recognizing that today s students have a tendency to jump straight to the homework instead of reading the text, Kirk Trigsted created an online learning environment that is a seamless mix of exposition, videos, interactive animations, tutorials, and assessment. This approach leverages the power of MyMathLab and leads students to interact with course materials and learn in a new way, which is proving to be more effective. This package contains the Access Kit for MyMathLab only. NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson s MyLab Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson s MyLab Mastering products, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for Pearson s MyLab Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase.
