Material for Geography of Michigan (Classic Reprint)

By Mark Sylvester William Jefferson

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Material for Geography of Michigan There are today 18 states larger than Michigan, but most of these are west of the 100th meridian and many of them limited for human occupancy by insufficient rainfall. In parts of our state the rainfall is light, but everywhere sufficient for agriculture. If a circle be drawn with its center at the southeastern corner of Michigan large enough to extend across Isle Royale, it will also include New York, Washington, Richmond, Va., and Raleigh, N. C. The radius of the circle would be five hundred miles. No state has so long a coast line. None has a greater variety of valuable resources. Lying far to the north the lakes save it from the rigor of an interior climate, yet is it in that invigorating zone of the spells of weather, now warm, now cold, now wet, now dry, in which are found the most prosperous and progressive peoples, the world over. Our state is a part of the physical region of the great lakes. All partsof this area drain...
