Penguin Books Ltd, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book. Penguin reissues a classic work of science fiction from the author of *The Death of Grass* - now with a new introduction by Hari Kunzru. One year the UK suffers a terrible, harsh winter: rivers freeze solid, food and fuel run low, the whole of Europe lies under snow. As months pass and the arctic weather remains, it becomes clear that the world's climate has changed permanently. Now, humanity must adapt to survive in the brutal new conditions. As the northern hemisphere nations fall into chaos and barbarism, with packs of men roaming like wolves through the frozen wastelands, citizens flee south to Africa and South America. Journalist Andrew Leedon is one of the lucky ones who escaped in time - swapping London for the white refugee slums of habitable Nigeria. Horrified by conditions and determined to act, Leedon makes a desperate plan to return and reclaim the dangerous wilderness of his abandoned country. *The World in Winter* is part of the Penguin Worlds classic science fiction series. *The World in Winter* has also inspired a concept album by Simon Eltringham, available now on iTunes.
