Oxford University Press. Paperback. Condition: New. 144 pages. John Calvin was born only a few years before the Christian church in Europe was plunged into the chaos of the Protestant Reformation. To Calvin, the only thing that mattered was correcting Gods church, which he thought had wandered away from the truth. Throughout his adult life, Calvin manifested a singular passion with God. He desired intensely to subjugate the world to what he saw as Gods truth, and his ideas started the movement now known as Calvinism. From Calvins time, the movement has grown and spread throughout Europe and into North and South America, Africa, and Asia. Today New Calvinism is a major branch of Protestantism. In this Very Short Introduction Jon Balsarak explores Calvins life and considers the major ideas and issues associated with the Calvinist system of thought. He looks at how Calvinist ideas and practices spread and took root, helping shape societies today. Much of contemporary thought - especially western thought - on everything from civil government to money, suicide, and divorce has been influenced by Calvinism. Balsarak also combats common misconceptions about Calvinism, and explores the relationship between Calvinism and the modern world.
