The publication is easy in read better to understand. It is writter in basic words and phrases rather than hard to understand. You wont truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).

Createspace, United States, 2011. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.What do Yahweh, Baal, Thor and The Flying Spaghetti Monster all have in common? They (almost certainly) do not exist. Neither do any of the thousands of other gods that humans have invented since the stone age. This three act play is a funny and thought-provoking treatment of our endless obsession with the creation and worship of supernatural deities. An atheist, a believer and the gods themselves all get to talk. It is not possible to deal with all the nuances of atheism and religious belief in such a short space, but the play presents some of the concepts and controversies in a way intended to spark discussion, and have some fun along the way. Those prone to take offense should probably stay away. Recommended auxiliary reading includes The God Delusion and The Selfish Gene by Richard Dawkins and The Atheist Camel by Dromedary Hump.
