

Toward a Grammar of Passages (Paperback)

Filesize: 8.84 MB

Reviews

This pdf is fantastic. Sure, it can be engage in, nevertheless an interesting and amazing literature. Its been developed in an remarkably straightforward way and is particularly merely after i finished reading through this publication where in fact transformed me, change the way in my opinion.

(Mr. Lee Simonis PhD)

TOWARD A GRAMMAR OF PASSAGES (PAPERBACK)

[DOWNLOAD](#)

Southern Illinois University Press, United States, 1987. Paperback. Condition: New. Language: English . Brand New Book. The mature writer is recognized . by his ability to create a flow of sentences, a pattern of thought that is produced, one suspects, according to the principles of yet another kind of grammar--a grammar, let us say, of passages. --Mina Shaughnessy Richard M. Coe has developed such a grammar, one which uses a simple graphic instrument to analyze the meaningful relationships between sentences in a passage and to clarify the function of structure in discourse. Working in the tradition of Christensen s generative rhetoric, Coe presents a two-dimensional graphic matrix that effectively analyzes the logical relations between statements by mapping coordinate, subordinate, and superordinate relationships. Coe demonstrates the power of his discourse matrix by applying it to a variety of significant problems, such as how to demonstrate discourse differences between cultures (especially between Chinese and English), how to explain precisely what is bad about the structure of passages that do not work, and how best to teach structure. This new view of the structure of passages helps to articulate crucial questions about the relations between form and function, language, thought and culture, cognitive and social processes.
