Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1855 edition. Excerpt: . . . for such as come under the theorems and problems of Euclid; albeit, there may not arise a single case involving anything higher than the fundamental rules of Arithmetic. These young ladies and gentlemen soon find that they have to manage cases in which their formula: utterly fail them, if, indeed, they ever think of them. They are called to act upon other minds, when demonstration, if it convince, will fail to persuade; and, more than this, they are called upon to fill a vacuity in their own minds, of which their education has made them partially conscious, but has done nothing to satisfy, and the full extent of which they now begin to realize. They find themselves possessed of other faculties than mere reason. The imagination and taste, the whole world of passion, rise up and burst all the bulwarks of their mathematical logic away. Allow me here to fortify my position, by putting in the testimony delivered on this platform yesterday morning, by our great American Arnold, the friend and worthy representative of his great English prototype. I am emboldened to do this in obedience to the principle which he yesterday laid down, of taking large specimens to illustrate the tendency of a general law. Dr. Wayland tells us, that he read again and again the extracts contained in Murrays English Reader, without deriving any idea whatever from them, with the exception of the narrative selections. No one who has been permitted..
