Matter Out of Equilibrium

Radu Balescu

Imperial College Press

Imperial College Press, United Kingdom, 1997. Paperback. Condition: New. Language: English . Brand New Book. In the first part of this book, classical nonequilibrium statistical mechanics is developed. Starting from the Hamiltonian dynamics of the molecules, it leads through the irreversible kinetic equations to the level of fluid mechanics. For simple systems, all the transport coefficients are determined by the molecular properties. The second part of the book treats complex systems that require a more extensive use of statistical concepts. Such...
