STATUS OF THE RURAL TEACHER IN PENNSYLVANIA (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Status of the Rural Teacher in Pennsylvania During the school year ending June, 1918, the questionnaires were distributed among the teachers in the one-teacher rural schools of 18 counties of the State. These counties were selected at random, with the exception that special precaution was taken that the eastern, central, and western parts of the State should be represented. It was also planned to include 3 counties in which State normal schools are located. As there are 66 counties in Pennsylvania under county supervision, excluding Philadelphia County, and since 13 of these have State normal schools, it will be seen that this is a fairly proportionate representation. The size of the counties was also taken into account, so that an equitable distribution of large and small counties should be represented in the study.
