The University of Michigan Press. Paperback. Book Condition: new. BRAND NEW, Challenges: Reading and Vocabulary for Academic Success: Book 1, Cynthia A. Boardman, Laurie Barton, The "Challenges" textbook series helps students become better readers through explicit teaching of reading skills and strategies that will break counter-productive habits, such as word-for-word translation. Vocabulary is a major focus of the series as well because good readers know a lot of words. "Challenges 1" (the low-intermediate level) has eight units with two chapters in each. Each unit begins with an introduction to the topic generally a one-page activity to activate students interest and background knowledge. Each chapter consists of sections designed to support students understanding of a reading passage. For example, the Reading Skills section teaches one of three types: "basic reading skills," "dictionary skills," or "sentence-level grammar skills." Vocabulary is also previewed, but students also practice word forms of the target vocabulary and learn common collocations and phrases. The book also includes timed/paced readings, which are important to developing reading fluency. Additional material to support the book is available online."
