

Git Version Control Guide: Step -By-Step Tutorial for Beginners (Paperback)

By Gregory Blake

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book is a guide on how to use Git. It begins by guiding you to use Git for the purpose of development. You will learn how to install Git on the various platforms such as Windows, Linux, and Mac OS X. The various commands which can be executed on the command line are also explored. You will also learn the difference between centralized and distributed workflow in Git, and how to contribute to projects in both cases. Conflicts will always occur whenever you are using Git. This book guides you on the various ways that you can resolve conflicts which might occur. With this knowledge, you will be independent and be in a position to run your projects in a smooth manner. In Git, you will need to access other projects from your own project. This is usually done by the use of Submodules. This book guides you on how to use Submodules so as to establish inter-project communications. Hooks are also discussed in detail, along with how to use the various types of hooks in Git. Git projects...
