

## The Design and Analysis of a Distributed Processing System (Classic Reprint) (Paperback)

By Andrew Green

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from The Design and Analysis of a Distributed Processing System The design of a distributed operating system based on a small set of synchronous message passing primitives, send-receive-reply, is explored. A description of how the unix? Operating system can be extended by these primitives to support a local area network environment consisting of diskless workstations connected by Ethernet to remote file servers is given. A performance analysis of the consequences of having all files transferred remotely over the network is presented. It is concluded that the proposed distributed unix is competitive with traditional time-sharing operating systems. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
