## USING USABILITY FOR DYNAMIC WEB BASED SYSTEM DESIGN

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | In the Age of Internet | Internet has been used more and more widely by many companies and organizations in the world. However, simple Web system can not satisfy the increasing requirements of the clients. A dynamic Web based system that has a sophisticated back end which is easy to be used by non IT background users and can manage all the front end contents is a big trend required by many...
