Sourcebooks, United Kingdom, 2013. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. Being an introverted child is difficult, especially in an ever-increasingly noisy world. Often viewed as aloof, unmotivated or conceited, introverted children are deeply misunderstood by parents, educators and even their peers. That's where Quiet Kids: Help Your Introverted Child Succeed in an Extroverted World comes in. Designed to provide parents with a blueprint for not only understanding the nature of introversion, Quiet Kids provides specific strategies to teach their children how to thrive in a world that may not understand them. Presented in an easy-to-read, conversational style, the book uses real-world examples and stories from introverts and parents to show parents and educators how to help children develop resiliency and enhance the positive qualities of being an introvert. With specific strategies to address academic performance, bullying, and resiliency, Quiet Kids is a must read for anyone wishing to enhance the lives of introverted children.
