Our past work has also identified a number of challenges to DODs efforts Challenges to DODs in undertaking environmental cleanup activities at defense sites, including Environmental BRAC sites. For example, we have reported the following: Cleanup Efforts DODs preliminary cost estimates for environmental cleanup at specific sites may not reflect the full cost of cleanup. That is, costs are generally expected to increase as more information becomes known about the extent of the cleanup needed at a site to make it safe enough to be reused by others. We reported in 2007 that our experience with prior BRAC rounds had shown that cost estimates tend to increase significantly once 18 more detailed studies and investigations are completed. Environmental cleanup issues are unique to each site. However, we have reported that three key factors can lead to delays in the cleanup and transfer of sites. These factors are ( 1 ) technological constraints that limit DODs ability to accurately identify, detect, and clean up unexploded ordnance from a particular site, ( 2 ) prolonged...
