Plural Publishing Inc, United States, 2013. Mixed media product. Book Condition: New. 2nd Revised edition. 279 x 216 mm. Language: English . Brand New Book. Acquired Language Disorders: A Case-Based Approach, now in its second edition, is a practical, easy-to-follow, informative guide for students and clinicians. The authors present each case from a holistic perspective, encouraging clinicians to consider executive functions, attention, memory, and visuospatial skills of the person with aphasia during the assessment process and throughout treatment. This edition begins with a review of the basics of brain-behavior relationships and pertinent medical terminology for treating individuals who have a neurological impairment. Each disorder is then introduced in a case-based format with a Target ModelA that includes a diagnostic profile along with treatment considerations and a functional analysis of the case. New to the second edition: --Current therapeutic information and strategies with a review of recent research pertaining to individuals with acquired language disorders and individuals with cognitive communication deficits secondary to mild brain injury --Resources for cognitive assessments of people with aphasia, and new directions and interventions for patients with dementia -- Twenty-three treatment programs including 11 new approaches - such as Speech Entrainment; A Program for Phonological Alexia/Agraphia; Oral Reading for Language in Aphasia with Virtual Therapist (ORLA-VT); and more --Discussion of innovative approaches for treating aphasia - such as Repeated Transcranial Magnetic Stimulation (rTMS); Anodal Transcranial Direct Current Stimulation (A-tDCS); and Cathodal Transcranial Direct Current Stimulation (C-tDCS) --A Test Your Knowledge section with questions based on 10 patient scenarios that instructors can also use as a professional discussion tool --Color inserts and a Quick Reference Diagnostic Chart for Acquired Language Disorders (ALD) that addresses and provides diagnostic information for the major nonfluent and fluent aphasias as well as other ALDs --A sample, completed Functional Communications Connections Worksheet included in...
