Reviews

*If you need to adding benefit, a must buy book. It really is rally interesting through reading through period. Your way of life period will probably be convert as soon as you total looking over this book.
(Ms. Kirstin O'Kon)*

PARALLELISM, LEARNING, EVOLUTION: WORKSHOP ON EVOLUTIONARY MODELS AND STRATEGIES, NEUBIBERG, GERMANY, MARCH 10-11, 1989. WORKSHOP ON PARALLEL PROCESSING: LOGIC, ORGANIZATION, AND TECHNOLOGY - WOPPLOT 89, WILDBAD KREUTH, GERMANY, JULY 24-28, 1989.

Springer. Paperback. Condition: New. This item is printed on demand. 536 pages. This volume presents the proceedings of a workshop on evolutionary models and strategies and another workshop on parallel processing, logic, organization, and technology, both held in Germany in 1989. In the search for new concepts relevant for parallel and distributed processing, the workshop on parallel processing included papers on aspects of space and time, representations of systems, non-Boolean logics, metrics, dynamics and structure, and superposition and uncertainties. The point was stressed that distributed representations of information may share features with quantum physics, such as the superposition principle and the uncertainty relations. Much of the volume contains material on general parallel processing machines, neural networks, and system-theoretic aspects. The material on evolutionary strategies is included because these strategies will yield important and powerful applications for parallel processing machines, and open the way to new problem classes to be treated by computers. This item ships from La Vergne, TN. Paperback.
