ABC OF SPORTS AND EXERCISE MEDICINE (ABC SERIES)

BMJ Books. Paperback. Condition: New. 200 pages. The title addresses the epidemiology of sports injuries and covers the most common types of sports injuries encountered within primary care including the management of musculoskeletal injuries with the new addition of a chapter on effective examination of joints. It then covers the effects of sport and exercise on body systems, including a chapter on sport and exercise medicine psychology, and the environmental aspects of sport and exercise conducted in extreme temperatures, depths...
