FULL-DUPLEX WIRELESS COMMUNICATIONS SYSTEMS : SELF-INTERFERENCE CANCELLATION

Springer-Verlag Gmbh Jul 2017, 2017. Buch. Condition: Neu. Neuware - This book introduces the development of self-interference (SI)-cancellation techniques for full-duplex wireless communication systems. The authors rely on estimation theory and signal processing to develop SI-cancellation algorithms by generating an estimate of the received SI and subtracting it from the received signal. The authors also cover two new SI-cancellation methods using the new concept of active signal injection (ASI) for full-duplex MIMO-OFDM systems. The ASI approach adds an appropriate cancelling..
