Vintage Publishing. Paperback. Book Condition: new. BRAND NEW, Wreaking, James Scudamore, This is a brilliantly dark and unsettling novel from the author of the Booker longlisted Heliopolis and one of the UK's most talented young writers. Perilously ill, Jasper Scriven spends his days roaming the wards of a derelict psychiatric hospital on England's southeast coast. His daughter Cleo works in London as a news editor, making palatable stories of the world's events and trying to stay one step ahead of her demons. Meanwhile, she is watched by Roland, a hulking, silent figure who inhabits a network of railway arches, emerging at night to pound the streets and burgle homes to order. These three solitary characters are connected by an accident that took place at the hospital in the aftermath of its closure - an event that defies understanding even as it continues to define them. Their attempts to negotiate the past will bring them together again and force them to revisit their actions, however uncomfortable that may be. In this brilliantly imagined and disturbing novel, James Scudamore explores the fallibility of memory, the notion of madness and the way events resound in both people and places.
